Scorpions Services is a quality driven company that offers the finest contracting solutions to achieve customer satisfaction by ensuring its commitment to providing precise time & cost-effective solutions, with the best support and warranties in our industry.

A reputable dynamic company, we provide a group of professional and certified staff with hands-on experience.

Vision

To become the industry leader in the provision of Residential and Commercial property management services, giving the highest standard of professionalism.

Quality construction. Honest service. Great value.

All this being done by giving practical solutions and providing satisfaction to our clients in the industry.

Mission To develop innovative solutions, product and services ranges which will help our clients create and realize value.

Aims

Providing personalized practical and cost-effective solutions to all our clients.

Ensuring that all our personnel hold recognized qualifications and are proficient in their areas of expertise.

Fostering mutual relationships and enhancing our operations to the benefit of our market and industry.

Our goal then and now is to provide quality on time projects.

Our main fields of expertise are:

➤ **Electrical Contracting Full Automation**

Installation and maintenance of various electrical systems, including wiring, breaker boxes, switches, and other machinery in a variety of settings (Residential, Commercial, or Industrial)

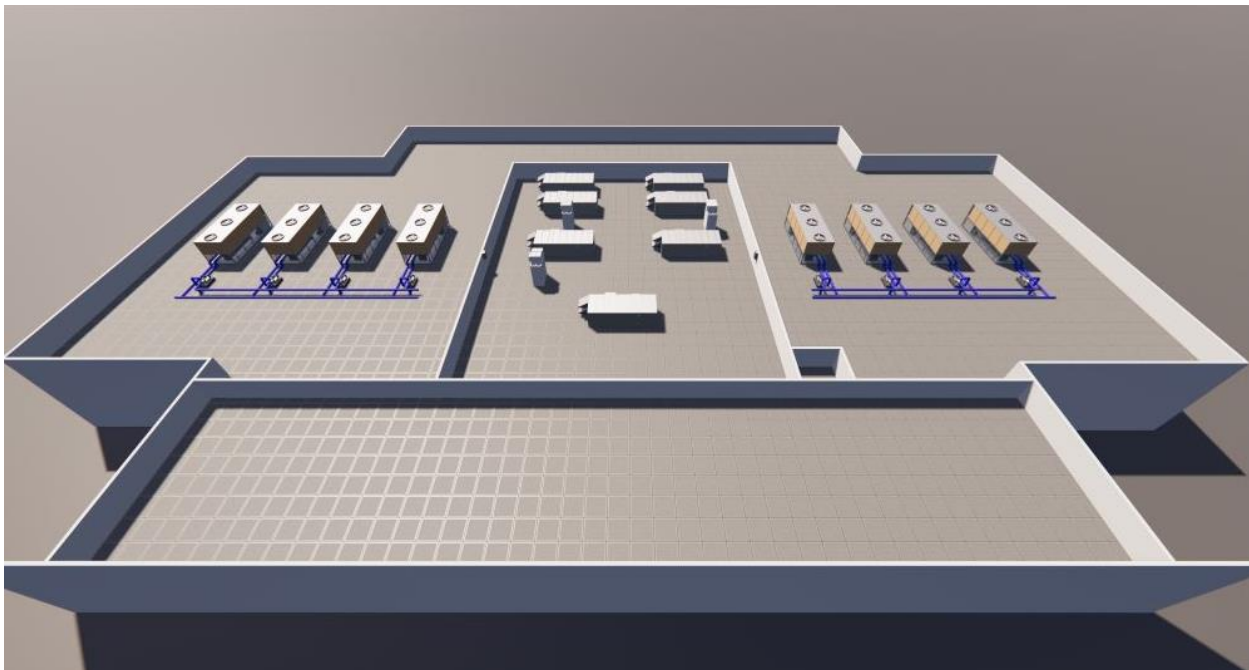

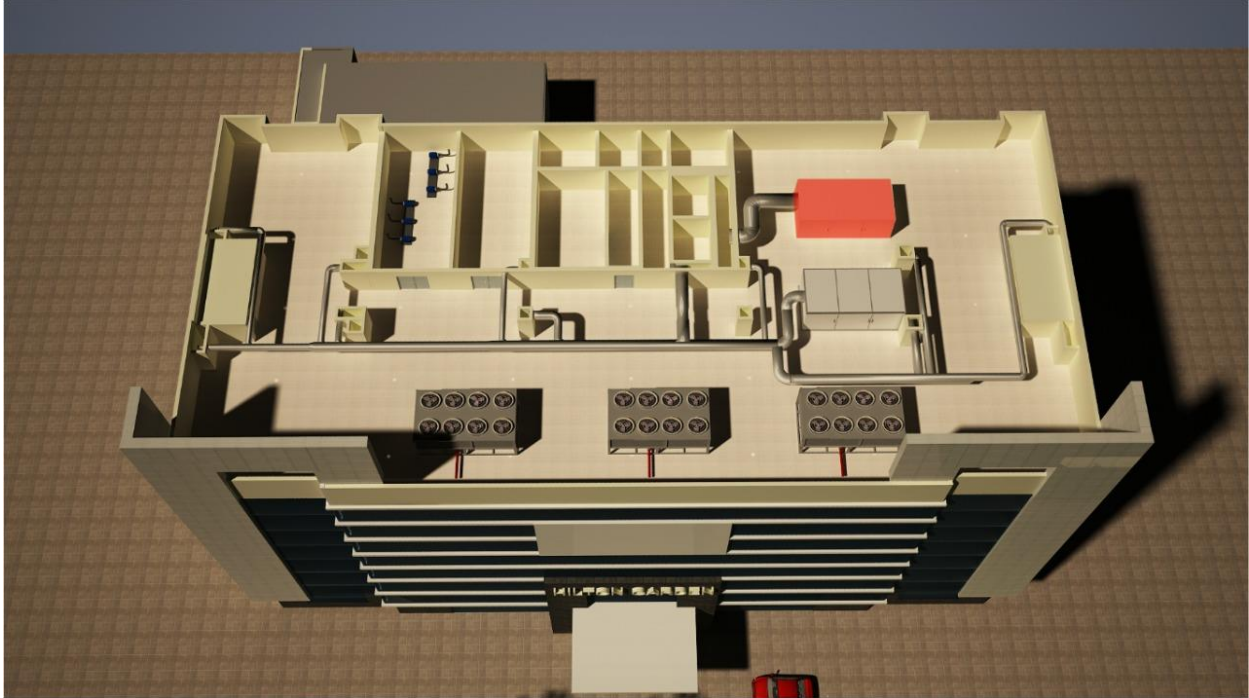

- Electrical Power Management Systems: Our EPMS Monitors the Electrical Distribution System, Typically Providing Data on Overall and Specific Power Consumption, Power Quality, And Event Alarms. Based on that data the system can assist in defining, and even initiating, schemes to reduce power consumption and power costs.

➤ **Automation Systems Solutions:**

- Building Management System (BMS)
- Lighting Management System (LMS)
- Underfloor Air Distribution (UFAD)
- Energy Management System (EMS)
- Water Treatment System (WTS)

Our services range from concept design, installation, programming, testing & commissioning, to final handover, with after sales services (preventive and corrective maintenance contracts).

Scorpions Services was officially launched in January 2021, by a group of professionals, each with at least 16 years of experience in their respective domains.

Moreover, Scorpions Services has a partnership with **Scorpions Logistics**, which handles air, sea, and land freight operations, and that provides further convenience for our clients.

We look forward to welcoming you as our client.
